About CCILBS 2019

It is a great pleasure to announce the 3rd National Conference on Critical Care in Liver Diseases being organised by Institute of Liver & Biliary Sciences on 20-21 April 2019 at IILBS, New Delhi, India under the aegis of Asian Pacific Association for the study of the Liver (APASL), International Club of Ascites (ICA), Indian Society of Critical Care Medicine (ISCCM).

This year the conference to focus on theme “Decision making in a Critically Ill Liver Patient- Challenges Made Easy” will have highly rich content with up-to-date information by eminent researchers and clinicians, covering all aspects of critical care in Hepatology.

The two day conference will include technical sessions and workshop building a perfect platform to present the latest research, key developments and practices in this emerging field via inclusive talks, interesting case discussions, debates and interactive symposia by International and National faculties. The workshop is specially designed for students, intensivists, clinicians focusing on skill training i.e. basics and emerging strategies of Mechanical Ventilation, Ultrasound & 2D Echocardiogram in ICU, Hemodynamic Management, Artificial Liver Support and Renal Replacement Therapy. The enrolment for the workshop would solely be based on first come first serve basis.

We look forward to a large number of participation at the conference and in the workshop.
