

APASL SCHOOL OF HEPATOLOGY
3rd National Conference On Critical Care in Liver Diseases
 20th - 21th April, 2019, New Delhi
 Venue: ILBS Auditorium

Scientific Programme Day 1 - 20th April 2019 (Saturday)		
08:00 Hrs Onwards	Registration	
Time	Session	Speaker
08:30 - 10:00	Session - 1 :- A case of septic shock in a cirrhotic	
Moderator :- Hepatologist - Dharmesh Kapoor - Case-1 - Septic Shock in Cirrhotic		
Intensivist - Sachin Gupta - Case 2- Refractory Septic Shock		
Panelists :- Neeraj Saraf, Debashish Dhar, Francois Durand, Deepak Govil, Sachin Gupta, Paolo Angeli, Rajan V		
Chairpersons :- V Siva, Pratibha Kale		
08:30 - 08:38	Dynamic indices of fluid resuscitation: Restrictive vs. Liberal? (Video Lecture)	Sachin Gupta
08:38 - 08:46	Assessment of microcirculation and choice of vasopressors/inotropes	Francois Durand
08:46 - 08:54	Approach to lactic acidosis in a cirrhotic with septic shock	Deepak Govil
08:54 - 09:06	Relooking at our antibiotic protocols,	Paolo Angeli
09:06 - 09:18	utility of biomarkers (Procalcitonin, Endotoxin, Galactomanan others)	Paolo Angeli
09:18 - 09:26	Strategies to manage refractory septic shock	Debashish Dhar
09:26 - 09:34	Challenges with refractory shock - RRT	Neeraj Saraf
09:34 - 09:42	Challenges with refractory shock - Gut Paralysis	Rajan V
09:42 - 10:02	Discussion	
10:02 - 10:04	ILBS Protocol	
10:04 - 10:10	Quiz (3 cases)	
10:10 - 10:50 Session - 2 :- Ethical Issues in Patient Care		
Chairpersons :- M K Arora, Vandana Saluja		
10:10 - 10:20	Unethical Act and Professional Misconduct(20+10 Min)	Ankur Sharma
10:20 - 10:30	Palliation and End of Life Care in a Liver ICU - Where to Draw a line	Ajay Kumar
10:30 - 10:40	End of Life Care- Current legal standing	Y K Chawla
10:40 - 10:50	Discussion	
10:50 - 11:05 Tea & Coffee Break		
11:05 - 12:30 Session - 3 :- A case of Acute Liver Failure with Grade IV hepatic encephalopathy on Mechanical Ventilator		
Moderator :- Hepatologist - Manav Wadhawan - Case 2		
Intensivist - Gaurav Sidhwani - Case 1		
Panelists :- Subhash Gupta, R K Dhiman, Shrikanth Srinivasan, Vaishali Salao, S K Sarin, Viniyendra Pamecha, Chandan Kumar		
Chairperson: Akash Shukla, Anoop Saraya		
11:05 - 11:13	Non-Invasive monitoring of cerebral edema - Which strategy to choose (video lecture)	Shrikanth Srinivasan
11:13 - 11:21	Systemic Inflammation or sepsis- and management strategies	Chandan Kumar
11:21 - 11:29	Role of plasmapheresis	S K Sarin
11:29 - 11:37	Role and timing of CRRT	Vaishali Salao
11:37 - 11:50	Discussion	
Timing Liver Transplantation in ALF Case 2		
11:50 - 11:58	In patients with cerebral edema and not meeting KCH	Viniyendra Pamecha
11:58 - 12:06	Patients on Artificial Liver support therapies	Subhash Gupta
12:06 - 12:14	Too sick to transplant an ALF patient-When to draw a line	R K Dhiman
12:14 - 12:28	Discussion	
12:28 - 12:30	ILBS Protocol	
12:30 13:30 Session - 4 :- Symposium on Infections in cirrhotics		
Chairpersons :- Ekta Gupta, Vikas Khillan, Debajyoti Bahattacharya		
Algorithms for difficult to treat bugs in Liver ICU		
12:30 - 12:40	Multidrug resistant Gram negative infections	Paolo Angeli
12:40 - 12:50	Gram positive infections	Palepu Gopal
12:50 - 13:00	Viral Pneumonias-Spectrum and outcome	Supradip Ghosh
13:00 - 13:10	Fungal infections	G C Khilnani
13:10 - 13:20	Diagnosis and management of TB	Dhruv Chowdhury
13:20 - 13:30	Discussion	
13:30 - 14:30 Lunch		
14:30 - 15:45 Session - 5 :- A case of refractory variceal bleed in a cirrhotic		
Moderator: Kaushal Madan		
Panelists :- Anil Aroa, Vikram Bhatia, B C Sharma, Anirban Hom Chowdhury, Vivek Saraswat, Ankur Jindal		
Chairpersons :- Y K Chawla, Shashtry SM		
14:30 - 14:38	What fluid for resuscitation, transfusion targets and how to monitor?	Anil Arora
14:38 - 14:46	Decision to secure airway and sedation	Anirban Hom Chowdhury
14:46 - 14:54	Timing of endoscopy- Is early the better?	Vivek Saraswat
14:54 - 15:02	Coagulation assessment and correction- Which patient and how	Akash Shukla
15:02 - 15:10	Role of Hemospray	Vikram Bhatia
15:10 - 15:18	When will u place a sengstaken	B C Sharma
15:18 - 15:26	TIPS vs SEMS-Which is best Strategy?	Ankur Jindal
15:26 - 15:40	Discussion	
15:40 - 15:42	ILBS Protocol	
15:42 - 15:45	Quiz snippets (3 cases)	
15:45 - 16:15 Session - 6 :- A case of coagulation failure-Hemoperitoneum in a cirrhotic		
Moderator:- Shrikanth Srinivasan		
Chairpersons :- Ajay Kumar, Vijay Vohra		
15:45 - 15:53	Assessment of coagulation- Role of Point of care tests	Sanjiv Saigal
15:53 - 16:01	Choice of transfusion - When to use Prothombin complex Concentrates	Piyush Srivastava

16:01 - 16:13	Discussion	
16:13 - 16:15	ILBS Protocol	
16:15 - 16:30 Tea & Coffee Break		
16:30 - 17:45 Session 7 :- A case of Cirrhosis with sepsis related Acute Kidney Injury		
Moderator:- Virendra Singh		
Panelists :- Claire Francoz, Richard Moreau, Soumita Bagchi, Arindam Kar, Rajan Mathur, Francois Durand		
Chairperson: Siva, Paolo Angeli		
16:30 - 16:38	Initial assessment and resuscitation targets	Claire Francoz
16:38 - 16:46	Nephrotoxic antibiotics for drug-resistant organisms- Challenges with dosing	Arindam Kar
16:46 - 16:54	Understanding the use of diuretics in septic AKI	Soumita Bagchi
Management of metabolic acidosis in a non-oliguric AKI in a cirrhotic		
16:54 - 17:02	Role of soda-bicarb	Rajan Mathur
17:02 - 17:10	How to time dialysis	Claire Francoz
17:10 - 17:18	Differentiating HRS from ATN- Does it matter?	Fancois Durand
17:18 - 17:26	Role of biomarkers and their clinical utility	Richard Moreau
17:26 - 17:43	Discussion	
17:43 - 17:45	ILBS Protocol	
17:45 - 18:30 Session - 8 :- Symposium on Emerging role of Extracorporeal Therapies		
Chairpersons :- Wu Wei,		
17:45 - 17:55	Diagnosis and management of DIC in liver failure	Srikanth Srinivasan
17:55 - 18:05	Cytokine adsorption therapy in septic shock – What is the current evidence (Video Lecture)	Shufa Zeng
18:05 - 18:15	Implications of cytokine down regulation in sepsis	Deepak Govil
18:15 - 18:30	Discussion	
Day 2 - 21st April 2019 (Sunday)		
8:30 - 10:15 Session - 9 :- A case of ARDS in a cirrhotic (Case Presentation)		
Moderator :- Intensivist - Nitin Jain - Case 1		
Hepatologist - Joy Vhergesse - Case 2		
Panelists :- Suresh Ramasubban, G C Khilnani, Awdhesh Bansal, GD Puri, Shalini Thapar		
08:30 - 08:38	ARDS mimics- D/D of diffuse pulmonary infiltrates	Avdhesh Bansal
08:38 - 08:46	Reading an AP view Chest-X ray in an ICU-Correlating with bedside ultrasound-Things to remember	Kishore
08:46 - 08:54	Fluid management- Which fluid, how much and how to monitor	G D Puri
08:54 - 09:02	Applying ARDS-net to a cirrhotic	G C Khilnani
09:02 - 09:10	Indication and challenges of Bronchoscopy(Video Lecture)	Arvind
9:10 - 09:18	CT-Scan for ARDS-Timing and Utility	Shalini Thapar
09:18 - 09:26	Early Hemofiltration-Can it change outcomes	Suresh Ramasubban
09:26 - 09:34	ECMO-How to choose the right patient and challenges in cirrhotics (Video Lecture)	
Weaning a Cirrhotic - Case 2		
09:34 - 09:42	Early vs. late tracheostomy- Is the jury out ?	Atul Kulkarni
09:42 - 09:50	Challenges in weaning a cirrhotic- Should there be a protocol?	Vivek Nangia
09:50 - 09:58	Prevention of VAP	Suresh Ramasubban
09:58 - 10:13	Discussion	Atul Kulkarni
10:13 - 10:15	ILBS Protocol	
10:15 - 11:05 Session - 10		
Chairpersons :-		
10:15 - 10:25	Ethical Issues and critically ill	M K Aroa
10:25 - 10:35	Decision Making on futility in a Cirrhotic with organ failure	Anoop Saraya
10:35 - 10:45	Potentially Inappropriate or futile liver Transplant in ACLF - Where to Draw a line	Senthil Kumar
10:45 - 10:50	Discussion	
10:50 - 11:05 Tea & Coffee Break		
11:05 - 12:15 Session - 11 :- A case of Acute on Chronic Liver Failure with lactic acidosis		
Moderator:- Ashok Chowdhury		
Panelists :- A S Sooin, R K Dhiman , Manoj Sharma, Vijay Vohra, Richard Moreau, Senthil Kumar		
Chairpersons :- Sanjeev Aneja, Meenu Bajpai		
11:05 - 11:13	Dissecting high lactate-Approach and Management	Richard Moreau
11:13 - 11:21	Differentiating SIRS from sepsis in ACLF- Does it really matter	R K Dhiman
11:21 - 11:29	Plasma-exchange and plasmapheresis-Indications,Timing and stopping rules	Manoj Sharma
11:37 - 11:45	How to timely transplant patient of ACLF-Which score to use?	Vijay Vohra
11:45 - 11:53	How early to transplant an ACLF patient with infection related with organ failures	A S Sooin
11:53 - 12:01	When is it too sick to transplant an ACLF patient	TBA
12:01 - 12:13	Discussion	
12:13 - 12:15	ILBS Protocol	
12:15 Session - 12 :- Difficult scenarios of AKI in Liver ICU		
Chairpersons :-		
12:15 - 12:25	Managing AKI on CKD	Ranjit Chatterjee
12:25 - 12:35	RRT in a Liver ICU-What, when, how and stopping rules	Rakhi Maiwall
Session - 13 :- Managing Brain and Heart in a Cirrhotic		
Chairpersons :- Ravinder Chaturvedi, Yash Javeri, Roshan Lal Koul		
12:35 - 12:45	Approach to case of persistent encephalopathy	Deepti Vibha
12:45 - 12:55	Interpretation of high ammonia levels in a critically ill cirrhotic	Ajay Duseja
12:55 - 13:05	Optimizing sedation in a cirrhotic with alcohol withdrawal	Vinod Singh
13:05 - 13:15	Common arrhythmias and management in liver disease	Rakesh Garg
13:15 - 13:25	Emerging role of ivabradine vs. traditional beta-blockers	S K Sarin
13:25 - 13:40	Discussion	
13:40 - 14:30 Lunch		
Session - 14 :- Oral presentation Top 5 posters [7+3 mins]		
Judges :-		
		TBA
14:50 Onwards Vote of Thanks
